

SPRUCE SCHOOL MISSION

MISSION STATEMENT

Our mission at Spruce School of Real Estate is to provide state of the art technology and constantly refined instructional design to accomplish outstanding results in learning. Spruce will challenge learners, resulting in elite group of individuals capable of learning Real Estate concepts in a variety of cutting edge ways.

ASSOCIATED STANDARDS

- To provide the learner with cutting edge instructional technology by integrating activities created in leading educational software packages, the Internet, interactive lecture, meeting room conferencing, social chat, a student-friendly LMS, to name just a few.
- To challenge our learners by requiring us all to think "outside the box" when it comes to learning.
- To go beyond teaching from a textbook and make the learner explore other sources, participate in actual real life activities and discuss that with their peers.
- To meet industry standards and employment demands in the real estate field.
- To provide educational programs through a successful instructional delivery method which develops the student's knowledge, skills, attitudes, and work habits.
- To provide easy access to educational and student support services that contribute to the learner's success.
- To prepare learners for employment in the real estate industry for which they are being trained.
